Consultancy Services to Conduct Data Gathering to Assess the Price Effects of the Importation Policy on the Flat Glass Market in the Philippines

The Philippine Competition Commission (PCC) requires the services of a survey firm to gather primary data from a sample of flat glass importers and flat glass distributors in the Philippines in order to assess the price effects of the Department of Trade and Industry's Importation Policy for flat glass. The details of the survey are summarized as follows:

Type of service	Firm Survey and Focus Group Discussion
Expected survey design	Stratified Sampling
Target Population	Flat glass importers and flat glass distributors
Survey area	National
Sample size	60 firms
Duration of the project	120 calendar days
Approved Budget for the	PHP 655,000.00
Contract (ABC)	

I. SURVEY OVERVIEW

Through the project Assessing the Price Effects of the Department of Trade and Industry's Importation Policy on the Flat Glass Market in the Philippines ("Study"), an in-depth research will be conducted to assess how the DTI's new regulations have first, affected prices in the market for flat glass in the Philippines from 2019 to 2020, and second, affected PCC's decision on an M&A case.

For this purpose, the proponents of the study ("End-user") require the expertise and experience of a survey firm ("Consultant") to gather primary data from a sample of flat glass importers and flat glass distributors in the Philippines through (i) a Qualitative Phase (FGD) and (ii) a Quantitative Phase (national survey).

II. SCOPE OF WORK

A. Tasks

The Consultant shall carry out the following tasks, divided into the Qualitative Phase and the Quantitative Phase:

Qualitative Phase

Pre-FGD Activities

1. Revise and finalize discussion guide

- a. Review of draft discussion guide provided by the End-user;
- b. Ensure that the discussion guide is suitable for the target respondents; and

c. Finalize the discussion guide in coordination with the End-user.

Deliverables

1.1 Final discussion guide in English and Filipino or other languages or dialects as may be required

Focus Group Discussion

2. Recruit respondents and conduct an FGD

- a. Finalize target respondents;
- b. Recruit respondents; and
- c. Moderate online discussion sessions.

Deliverables

- 2.1 Report on the recruitment of respondents; and
- 2.2 Interview transcripts and audio recordings.

Post-FGD Activities

3. Deliver reports and maintain coordination with PCC staff

- a. Deliver summary reports and other materials used in the FGD; and
- b. Respond to inquiries from PCC on FGD implementation within 6 weeks after the delivery of the complete set of electronic files of datasets and data dictionary.

Deliverables

- 1. Narrative report to the PCC on the outcome of the FGD, summaries of key points and issues raised by participants, including issues encountered by the survey firm throughout the project;
- 2. Hard copy and electronic form (in .pdf, .doc or .xlsx as applicable) of documents and other materials used in the FGD; and
- 3. Written response to the PCC's inquiries, as needed.

Quantitative Phase

Pre-survey Activities

4. Revise, test, and finalize the survey instrument

- d. Review of draft survey questionnaire provided by PCC;
- e. Format the draft survey questionnaire into a survey instrument;
- f. Translate the survey instrument into other languages/ dialects;
- g. Pilot test the survey instrument for 2 respondents and provide feedback to PCC for any possible revision;
- h. Finalize the survey instrument in coordination with PCC staff; and

Deliverables

- 1. Survey instrument for pilot testing on 2 respondents;
- 2. Electronic files of datasets and report from the pilot testing (raw and modified in CSV, Excel or any other Stata or R ready format) and data dictionary;

- 3. Final survey instrument in English, Filipino and other major languages, as needed; and
- 4. Final work plan schedule from pilot testing to fieldwork

5. Prepare sampling design

- a. Determine the sampling design which should include among other details the following: proposed sampling frame, type of probability sampling method, details for the selection of qualified respondent;
- b. Specify the sample size calculation for a *national level estimate and for each domain/stratum* (*e.g. business segment*). This should include among other details, the following: formula for computing the sample size, key variables for sample size calculation such as margin of error, standard deviation, level of significance, etc.;
- c. Identify the method of selecting the qualified respondents, and the process of substitution in case of non-response;
- d. Prepare the sampling frame of qualified respondents and submit the complete list of respondents together with their up-to-date contact details to the PCC; and
- e. Respond to inquiries from the PSA for matters related to the inputs provided by the survey firm.

Deliverables

- 1. Final sampling design and methodology including alternative respondents in case of non-response; and
- 2. Final sampling frame of qualified respondents together with their up-to-date contact details.

6. Plan, design and implement training for enumerators, data encoders and field supervisors

- a. Recruit and train the enumerators and field supervisors on data collection, and on handling questions and problems that may arise during the field work;
- b. Prepare the field work protocols for the enumerators and field supervisors; and
- c. Prepare and submit enumerator's manual.

Deliverables

- 1. Final enumerator's manual;
- 2. Report on the composition of the field team including the number of enumerators, field supervisors and data encoding staff, and their qualifications and responsibilities; and
- 3. Report on the training of the required staff.

Data Collection, Processing and Reports

7. Deploy field enumerators and supervisors for the actual survey

- a. Prepare the necessary materials and equipment;
- b. Inform PCC of the schedule of field operations and give relevant updates; and
- c. Deploy enumerators to conduct the actual telephone survey.
- d. Conduct interviews via telephone or video call with qualified respondents for a minimum of 60 firms.

Deliverables

1. Report on the status of the survey, including difficulties encountered and possible deviations from the original plan

8. Encode and clean data, and deliver descriptive reports of the survey result

- a. Encode the collected data;
- b. Clean and validate data files; and
- c. Prepare the descriptive report and tables of the survey results.

Deliverables

- 1. Protocol for data entry and quality control measures;
- 2. Electronic files of datasets (raw and modified in CSV, Excel or any other Stata or R ready format) and data dictionary; and
- 3. Electronic copy of preliminary results of the survey (e.g., frequency of responses) and the descriptive tables and report of the survey results.

Post-survey Activities

9. Deliver reports and maintain coordination with PCC staff

- c. Deliver reports and other materials used in the survey; and
- d. Respond to inquiries from PCC on survey implementation, and data encoding and management within 6 weeks after the delivery of the complete set of electronic files of datasets and data dictionary.

Deliverables

- 4. Narrative report to the PCC on the outcome of the survey including issues encountered throughout the project;
- 5. Hard copy and electronic form (in .pdf, .doc or .xlsx as applicable) of documents and other materials used in the survey; and
- 6. Written response to the PCC's inquiries, as needed.

B. Mode and length of data gathering activities

An online FGD with up to eight (8) participants aided with a discussion guide will be done. Completed survey interviews conducted online or via telephone with at least 60 firms aided with a questionnaire will be done.

C. Target respondents, sample size, sampling method

Qualitative Phase

The target participants for the FGD will be flat glass importers and/or distributors in the Philippines. Up to eight (8) firm owners and/or managers are expected to participate.

Quantitative Phase

The target respondents of the survey will be flat glass importers and distributors in the Philippines. The survey, to be participated in by owners of managers of the target firms, will

adopt a sampling methodology that will generate a dataset that is representative at the national level and for each domain/stratum.

The Consultant may use multistage probability sampling or stratified random sampling based on specified variables (e.g., margin of error, level of significance and standard deviation). The Consultant will propose the sampling frame, and the method of allocating and selecting the sampling and elementary units. The desired margin of error is at most 3% for a national level estimate and at most 6% for the domain or for each stratum, with a confidence level of 95%. At least 60 completed survey interviews are required.

III. SERVICES TO BE PROVIDED BY THE PCC

- 1. Provide the Consultant a directive to facilitate the execution of the FGD and the survey;
- 2. Provide the Consultant with the draft FGD discussion guide and survey questionnaire;
- 3. Constantly coordinate with the Consultant on the planning and implementation of each Activity to be conducted; and
- 4. Pay the project cost inclusive of mandatory taxes and in accordance with the set payment schedule.

The Consultant shall be engaged by the PCC and shall submit outputs directly to the designated project manager within PCC for review and endorsement for payment.

IV. APPROVED BUDGET FOR THE CONTRACT

The Approved Budget for the Contract (ABC) is **SIX HUNDRED FIFTY-FIVE THOUSAND PESOS (PHP 655,000.00)**, inclusive of all applicable government taxes, and shall include all remunerations, costs or profits arising from or in relation to the services rendered in connection with and/or in preparation for this engagement, such as, among others, survey preparation to the actual conduct of the survey and delivery of post-survey documents and reports.

V. MODE OF PROCUREMENT

The mode of procurement shall be Negotiated Procurement – Small Value Procurement as provided under the Revised Implementing Rules and Regulations (IRR) of Republic Act (R.A.) No. 9184.

VI. EXPECTED DURATION OF THE CONTRACT

The Contract is expected to begin immediately after issuance of the notice of award to the survey firm. The project shall be for a term of 120 days from the preparation of survey materials, actual survey, and delivery of electronic files of datasets. The bidder shall provide its proposed implementation schedule indicating the specific activities and corresponding outputs using a Gantt chart.

VII. TIMELINES, DELIVERABLES AND SCHEDULE OF PAYMENT

The Consultant shall be engaged for one hundred and twenty (120) calendar days immediately after the Contract Signing with the Service Contractor All payments shall be endorsed by the Director of the Economics Office; and each tranche payment to the Consultant shall be released upon PCC's acceptance of the deliverables listed below.
