## **PRESS RELEASE**

### **November 8, 2017**

#### **PCC bats for empowered consumers by allowing them to keep their mobile numbers when switching telcos**

Due to numerous requests from students, the Philippine Competition Commission (PCC) will extend the deadline for entries in the Video-Making Contest to **January 5, 2018** and announcement will be made in the same month via the [PCC Official Facebook Page](#).

The video-making contest is open to college students who may join as individuals or in groups of up to three (3) members.

With views on competition making headway in many fronts—from commercial, legal, to academic—the antitrust commission takes a peek at how students interpret the theme “How does the Philippine Competition Act benefit the common Filipino?” through their creative executions.

The challenge is to create a short film between 3-5 minutes that captures the theme. It can be in the form of a documentary, short story, music video, animation, and the like, in either Filipino or English.

Entries will be judged based on the following criteria:

**Content (70%)**

**Creativity of presentation (30%)**

**Total: 100%**

Winners will receive **P30,000** for the top prize, **P20,000** for the 2nd prize, and **P10,000** for the 3rd prize.
